MERCER ISLAND, WA, USA -- (MARKET WIRE) -- Jul 25th, 2005--EXIM Internet Group, Inc. (OTC: EXGN.PK), operator of export/import and international trading industry oriented B2B web properties, is in final preparations to launch a global initiative aimed to provide Export/Import industry professionals with the world's largest trade leads platform. This platform is able to accommodate tens of millions of single trade offers while simultaneously keeping all offers findable. This is a function which is not available on any platform currently on the web. . The trade board has over 350,000 single web pages enjoying the broadest array of industry sectors and business categories while covering 270 countries and territories globally. There is no registration required and all trade leads are posted free of charge. All entries are edited prior publishing to guarantee full accuracy and are available, viewable and searchable across the entire platform by country, industry sector, the company name and the date being posted.

"The deployment of this platform represents over two years of research and development by EXIM's IT department.." We are extremely proud of our team of both IT and Export/Import industry professionals and believe that the development of this new huge trade leads platform will compliment the company's other b2b sites." said Oleg Lazarov, president and CEO. "With more than 450,000 industry-specific resourceful pages at present, this furthers the company's goal of becoming the world's largest operator of export/import and international trading focused web sites on the Internet.
